### **Rules for determining existence of an international partnership**

- (a) all circumstances surrounding the contract are to be considered and the true intent of the parties is to be ascertained from their agreement, words and conduct;
- (b) joint tenancy, tenancy in common, joint property, common property or part ownership does not of itself create a partnership as to anything so held or owned, whether the tenants or owners do or do not share any profits made by the use thereof;
- (c) the sharing of gross returns does not of itself create a partnership, whether the persons sharing such returns have or have not a joint or common right or interest in any property from which or from the use of which the returns are derived; and
- (d) the receipt by a person of a share of the profits of a business is *prima facie* evidence that he is a partner in the business, but receipt of such a share, or of a payment contingent on or varying with the profits of a business, does not of itself make him a partner in the business; and in particular

  - (ii) a contract for the remuneration of a servant or agent of a person engaged in a business by a share of the profits of the business does not of itself make the servant or agent a partner in the business or liable as such;
  - (iii) a person being the widow or child of a deceased partner, and receiving by way of annuity a portion of the profits made in the business in which the deceased person was a partner, is not by reason only of such receipt a partner in the business or liable as such;
